The objective of this effort is to take the best teaching learning resources to all. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. The lecture was delivered by Mr. Javed Pathan, professor of Computer Science department. Students were informed about importance of these courses, registration and examination procedure and the credits they can earn for Academic Bank of Credits as per new NEP syllabus. A total of **87 students** attended the session. Our college is the Local Chapter of SWAYAM.
